New in the fleet!

HANDWASHSTATION

Sanitary for events

Free-standing, mobile hand wash station with space for two users at the same time. Easy to use thanks to the foot pump that pumps up the water. With a lockable, liftable lid, both tanks are easily accessible for filling, sanitizing or emptying.

The hand wash station has integrated carrying handles for easy positioning. The handles also serve to secure the load. The station is easily stackable for transport. Overall, an excellent mobile solution for events.

Two person hand wash station
